

# AKDUCT

RESIDENTIAL. MANUFACTURED HOMES. HIGH VELOCITY.

## ***AKDUCT PREMIER***

AKDUCT PREMIER is manufactured with advanced foamed polyethylene material that provides manufactured home owners with what they have been looking increase comfort and energy efficiency. AKDUCT PREMIER is self-insulated and tough making it virtually damage-proof. The unique seal of the AKDUCT PREMIER ductwork installs without the use of special tools or messy sealants. It has also proven to be 100% leak resistant to 10" W.C. The AKDUCT PREMIER Ductwork plenum adapter allows the duct to be installed level with the bottom of the AC handlers. Additionally, AKDUCT PREMIER *has zero VOC*, is mold and mildew resistant, will not rust, will not crack under pressure. The affordable long term solution...

### **AKDUCT PREMIER SYSTEM DUCT FEATURES**

- Zero Duct Leakage – Class 1
- Patented 100% Leak Resistant Connection System
  - US Patent # US 7,399,006 B2
- Mold and Mildew Resistant
- Zero VOC's
- Can contain up to 100% recycled material
- Self-Insulated
- Sound Dampening Qualities
- Exclusive Plenum Adapter Design
- Recyclable
- Eligible for LEED Points
- Easily Cut to Length
- **Long Term UV Stabilization**
- FDA 21 CFR 176,177, 178
- NSF/ANSI Standard 61- Portable Water (CLD 23)
- UL 723 Tests for Surface Burning Characteristics of Building Materials
- LC1014 Listing Criteria for Underground Plastic Air Ducts
- ASTM D 2412 Standard
